SUBJECT: WASHINGTON HOSPITAL CENTER, LICENSE RENEWAL COVER LETTER,
CONTROL NO. 139054

Dear Mr. Pullin:

This refers to the license renewal cover letter dated December 19, 2006 that was recently sent to you.

Your Radiation Safety Officer, during a telephone conversation with me on January 4, 2007, identified several items that would not apply to broadscope licensee's that were included in our cover letter. Please note that the cover letter was intended to be used by many different licensees and not all issues are relevant to each licensed program but each licensee needs to review the regulations to determine their applicability.

We hope this clarifies our intentions in the letter and we apologize for any inconvenience it may have caused.

Current NRC regulations and guidance are included on the NRC's website at www.nrc.gov; select **Nuclear Materials; Medical, Academic, and Industrial Uses of Nuclear Material**; then **Toolkit Index Page**. Or you may obtain these documents by contacting the Government Printing Office (GPO) toll-free at 1-888-293-6498. The GPO is open from 7:00 a.m. to 8:00 p.m. EST, Monday through Friday (except Federal holidays).

Thank you for your cooperation.

Sincerely,

Original signed by Thomas K. Thompson
