Dear Mr. Gill

This letter is an application for amendment No 09 of our NRC Material License No: 13-24638-01, Docket No. 030-18733.

Due to Mr. Paul A. Lemelin's plans for retirement in the very near future, it is necessary to apply for this amendment to our existing license.

The new Radiation Safety Officer for American Renolit Corporation will be Mr. William B. Johnson. Mr. Paul Lemelin has trained Mr. Johnson in the proper procedures for replacing the cover films from our listed devices.

Mr. Johnson has also been briefed on the procedures of NRC regulations 10 CFR Part 19, "Notices, Instructions and Reports to Workers; Inspections," 10 CFR Part 20, "Standards for Protection Against Radiation," and other applicable regulations.

Sincerely,

Carl J Magers
