Tom: A heads up regarding the NRC EA for the JPG requested alternate decommissioning schedule. In the EA, in the first paragraph of the "Introduction" section, second sentence, the distance from the DU area to the western boundary of the facility is stated as "2 kilometers", this distance is actually "2 Miles" which is actually 3.2 kilometers. See the attached map from the 2002 Environmental Report the Army submitted to NRC for confirmation. If you have any questions please let me know.
