Tom: Here is the link for the study that you requested. It is on the JPG web site. Let me know if this is what you wanted. This is about 15 MB in size.

Paul:

Can you please provide a complete copy of the "Jefferson Proving Ground Karst Study" or tell me where I can obtain one. It has AR-JPG-0028 in the right hand corner and I believe it is from 1997. We are in the process of constructing a 3-D visual map of JPG and need some of the traces in the document. My copy doesn't have the traces and Jon Peckenpaugh only has a few. I appreciate any help you can give.
