ALL: Pleases disregard previous message sent 27 Oct 05. Apparently there was some unforeseen interaction between Microsoft Word and Microsoft Outlook which caused the final draft of the responses to revert to an earlier draft; correct version of documents are attached.

As agreed to at the meeting held September 8, 2005, and in response to your letter of September 30, 2005, the US Army provides the following responses to the action items identified in your letter of September 30, 2005. Attached is the response document and letter with points of contacts if further information is needed or required (adobe format).

Thank you,

ALAN
