REPORT OF SECOND COLORADO REVIEW MEETING

Attached is the report and staff evaluation of the second review meeting held with Colorado on March 19-20, 1969.

It is our opinion that the Colorado program is an outstanding one in all phases. If the next review meeting and inspection accompaniments (assuming they are scheduled with the next meeting) reveal no substantive deficiencies, we recommend that Colorado be placed on a yearly meeting schedule even though this would only be the third meeting.
