

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D. C. 20555

NOV 14 1977

Ref: SA/JFK

MEMORANDUM FOR: G. Wayne Kerr, Assistant Director  
for State Agreements Program  
Office of State Programs

SUBJECT: REPORT AND EVALUATION - COLORADO RADIATION CONTROL  
PROGRAM

Transmitted herewith is the subject report and evaluation.

As discussed in the report, the Colorado radiation control program for agreement materials was found adequate to protect public health and safety and compatible with the NRC regulatory program for similar materials.
