RE: License #37-11866-04

03035003

To Whom It May Concern:

Lancaster General Hospital would like to request amendment to the above-noted materials license for the following:

We would like to add John Olmsted, Ph.D., as an authorized medical physicist on this license. Dr. Olmsted was recently granted authorized medical physicist status on our materials license #37-11866-01. As added support for his being granted similar status on this license, we have enclosed copies of documents that attest to Dr. Olmsted having received supplemental training in the medical physics tasks inherent to Gamma Knife procedures.

Thank you for your attention to this matter. If you have any questions, please direct them to our Radiation Safety Officer, Mr. Anthony Montagnese, at 717-544-4384.

Sincerely,

Kathleen L. Harrison, Vice President, Operations

UPMC / University of Pittsburgh Medical Center
Center for Continuing Education in the Health Sciences

John Olmsted, Ph.D.

Attended the Continuing Medical Education Activity

*Principles and Practices of Gamma Knife
Radiosurgery*

November 13-17, 2006

**University of Pittsburgh Medical Center Health System
Pittsburgh, Pennsylvania**

The University of Pittsburgh School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The University of Pittsburgh School of Medicine designates this educational activity for a maximum of 49.5 Category 1 credits toward the AMA Physician's Recognition Award. Each physician should claim only those credits that he/she actually spent in the educational activity.

*Other healthcare professionals are awarded 4.95 continuing education units (CEU's), which are equivalent to 49.5 hours of instruction.

For your credit transcript, please access our website six (6) weeks post-course at:
