**Subject:** Re: Shirley Basin South Letter

Scott:

I reviewed the letter and I concur with your assessment for now. If the radium-228 keeps increasing, or if cadmium remains above the ACLs for three consecutive sampling events, then we need to revisit the site conditions.

Thanks,

Steve

Hey Steve, Have you had a chance to review the draft letter to the state of Wyoming addressing their *comments on the ground water monitoring data from the Shirley Basin South Site*? I intend to send the letter to Kevin Fredrick no later than January 16, 2007, but want your input beforehand. Thanks, Steve. I greatly appreciate your help. Note new contact info: Scott R.
