Subject: Typographic Errors in USNRC License No.: 06-00819-03, Amendment No. 53.

Gentlemen & Women of the NRC:

Yale-New Haven Hospital (YNHH) requests that USNRC License No.: 06-00819-03, be corrected for some typographical errors noted in the current version, identified as Amendment No. 53.

On page 3 of 9, under item 7.M. "Sealed Sources" it states partially "3M [formerly Amersham] Model 6711; Medi-Physics [formerly Amersham] Model 6733"... This section of the paragraph should be changed to read: GE/Amersham/Medi-Physics [formerly 3M] Model 6711; GE/Amersham/Medi-Physics Model 6733...

Additionally, another typographic error has been noted on pages 2 through 9. In the header section, the License Number is listed as "06-00319-03". This should be corrected to read "06-00819-03" on each header after the cover page.

If you have any further questions, please feel free to contact the Radiation Safety Officer at the address or phone number above.

Sincerely,

Michael J. Bohan
Radiation Safety Officer/Health Physicist
