Subject: Management Changes in Indiana Michigan Power Company

Discussion:

On January 18, 2007, American Electric Power (AEP) announced that two of their senior managers will change assignments at the D.C. Cook Nuclear Plant and return to their original positions effective February 1, 2007. Joseph Jensen, who has been the Site Support Services Vice President since May 2006, will re-assume his previous assignment as the Site Vice President. Mark Peifer who has been the Site Vice President since May 2006, will re-assume his previous assignment as the Site Support Services Vice President.
