Docket Nos: 50-528, 50-529, 50-530
Nuclear Safety Culture Survey Plans**

Dear Dr. Mallett:

In the management meeting held September 7, 2006 at Region IV headquarters to discuss Arizona Public Service's (APS) performance improvement plans for Palo Verde Nuclear Generating Station, APS indicated that a follow-up nuclear safety culture survey was planned for February 2007.

Based upon the schedule of regulatory activities at the site in early 2007, APS is scheduling the survey to be conducted in May 2007. This action is not considered a regulatory commitment.

Should you have any further questions, please contact Craig Seaman at (623) 393-5421.

Sincerely,

JML/SAB/JAP/DJS/DCE/gt
