

February 2, 2007

Mun-Ki Lee
Director General
Office of Energy and Environment Coordination Bureau
Ministry of Science and Technology
Government Complex-Gwacheon
Gwacheon-City, Kyunggi-Do, 427-715
Republic of Korea

Dear Director General Lee:

I would like to extend my sincerest congratulations on your new appointment in the Energy and Environment Coordination Bureau at the Ministry of Science and Technology (MOST). Our agencies have benefitted from a long history of cooperation, and I look forward to continuing our work with MOST and with you in your new post. It was a pleasure to work with you during last September's International Nuclear Regulators Association meeting, and I hope to develop a productive relationship with your successor as well.

I understand the change in your position will preclude you from participating in the U.S. Nuclear Regulatory Commission (NRC) Regulatory Information Conference. I look forward to hearing from your successor as to who will participate. I have asked NRC's Office of International Programs to coordinate the arrangements for the person MOST selects to participate. The NRC contact is Mr. Kirk Foggie, who can be reached at (301) 415-2238, via e-mail at kxf@nrc.gov, or by fax at (301) 415-2395.

I wish you all the best in your future endeavors and sincerely hope that we will meet again in the near future.

Sincerely,

/RA/

Dale E. Klein
