Subject: <small>(NOTE: This will be used as the Documents Title in ADAMS)</small>	Failure to provide renewal or termination request.	
Summary:	<p>I left a message with the receptionist for Mr. Cameron to call me back concerning the failure to submit a request to terminate the license.</p> <p>1/23/07 10:45 I spoke with Mr. Cameron and asked him if he had sent in any of the documents necessary to terminate the license. Mr. Cameron stated that he determined that they still had the Kevex and that the manufacturer's representative was coming in Friday to leak test the device and see that it was shipped off-site. I requested that Mr. Cameron fax in a request to renew the license since something might happen to prevent the representative from completing his task by Friday. Mr. Cameron agreed to make the request with the understanding that the action would be changed to a termination when the proper documentation was on-hand.</p>
