SUBJECT: SCHEDULE EXTENSION FOR TSTF-487, "RELOCATE DNB PARAMETERS TO THE COLR." DOCKET NO. PROJ0753 (TAC MC8594)

Dear Members of the TSTF:

By letter (ADAMS Accession No. ML051860302), dated June 20, 2005, you requested the Nuclear Regulatory Commission to review and approve a consolidated line item improvement process TSTF Traveler 487, Revision 0, "Relocate DNB Parameters to the COLR."

Your October 27, 2006, response (ADAMS Accession No. ML063000475) to our September 5, 2006, request for additional information on TSTF-487 (ADAMS Accession No. ML062340602) did not fully address all of the staff concerns. Additional staff assessment has been necessary to reconcile past regulatory positions with your submittal. As a result, the remaining dates for the TSTF-487 review milestones will not be met. The staff is currently drafting the safety evaluation.

The following scheduling changes for TSTF-487 were discussed with Brian Mann on January 25, 2007:

<u>Sched. Milestone</u>	<u>Previous Date</u>	<u>Revised Date</u>
Fed Reg NFC	1/25/2007	3/01/2007
Fed Reg NOA	4/27/2007	5/24/2007
