Assistant for Operations, OEDO

SUBJECT: PRESENTATION MATERIAL "ON THE MARGINS" DURING THE 19TH INTERNATIONAL ATOMIC ENERGY AGENCY'S (IAEA's) COMMISSION ON SAFETY STANDARDS (CSS)

Between June 6 - 8, 2006, the Deputy Executive Director for Materials, Research, State and Compliance Programs (DEDMRS) and a staff member in NMSS will participate in the 19th IAEA CSS meeting. During the two day meeting, DEDMRS and the NRC staff member will provide an overview and summary of the security assessment decision making framework (SECY-04-0222) to IAEA's Deputy Director General Division of Nuclear Safety and Security, Director Division of Nuclear Installation Safety, Director, Division of Radiation Transport and Waste Safety, and the Director, Division of Nuclear Security.

Previously, in my Commissioners Assistants' note of January 5, 2006, (ML060060378), I described the rationale for providing a summary of our security assessment decision making framework to IAEA. The presentation material is similar to the presentation for IAEA's AdSec member discussed in my January 5 note, except this presentation will not provide specific examples at the safeguards level. Enclosed for your information are the overview and summary presentations.
