**Subject: Permanent Retention of Big Rock Point Nuclear Plant Exhibit Items Meeting
October 24, 2006**

Dear Mr. Hoelderle:

Consumers Energy's Big Rock Point Restoration Project is pleased to accept your offer for permanent retention of the Big Rock Point exhibit items. We concur with your recommendation to keep the exhibit intact so that its future and continued use as a traveling exhibit/exhibit on loan may be ensured.

In the event that the Charlevoix Historical Society can no longer retain possession of the exhibit, please contact Tim Petrosky to coordinate efforts to preserve the exhibit.

We again congratulate you on the success of the exhibit and thank you for your efforts in retaining the history of Big Rock Point.

This letter serves as your record of possession of Big Rock Point Nuclear Plant exhibit items.

Sincerely,

Kenneth E. Pallagi
RP & ES Manager
Big Rock Point Restoration Project
