Re: Addition of Elizabeth Piccione, M.D. to license #37-30914-01

To Whom It May Concern:

The purpose of this letter is to add Elizabeth Piccione, M.D. as an authorized user to our radioactive materials license. We have included a copy of the State of Pennsylvania's license that has listed her name as a user of 35.200 materials. Dr. Piccione has worked at Northwest Regional Cardiology, P.C. since our opening under my supervision as a current authorized user.

Should you have any questions regarding this application, please feel free to contact me.

Sincerely,

Paul E. Wawrzynski, M.D.  
Authorized User NRC license #37-30914-01

**RADIOACTIVE MATERIALS LICENSE**

13. The licensee may transport licensed material, or deliver licensed material to a carrier for transport, in accordance with 25 Pa. Code Chapter 230, "Packaging and Transportation of Radioactive Material" and the provisions of 10 CFR Part 71 incorporated by reference.
14. In addition to the possession limits in Item 7, the licensee shall further restrict the possession of licensed material to quantities below the minimum limit specified and incorporated by reference in 10 CFR 30.35(d), 40.36(b) and 70.25(d) for establishing financial assurance for decommissioning relative to isotopes with half life greater than 120 days.
15. Notwithstanding the requirements set forth in this license, the license shall comply with the regulations set forth in Title 25 of the Pennsylvania Code Article V "Radiological Health" and the U.S. Nuclear Regulatory Commission, Title 10 Code Of Federal Regulations Parts 19-150 incorporated by reference.
16. Except as specifically provided otherwise in this license, the licensee shall conduct its program in accordance with the statements, representations, and procedures contained in the documents including any enclosures, listed below. This license condition applies only to those procedures that are required to be submitted in accordance with the regulations. Additionally, this license condition does not limit the licensee's ability to make changes to the radiation protection program as provided for in 10 CFR 35.26. The Department of Environmental Protection's regulations shall govern unless the statements, representations and procedures in the licensee's application and correspondence are more restrictive than the regulations.
