Dear Janet:

It has been my pleasure to serve as Chief of the Office of Occupational and Radiological Health and Radiation Control Program Director since 1993. I want to make you aware of recent changes in my responsibilities at the Department and to provide you with contact information for my replacement. Please share the changes in contact information within your agency, as appropriate.

Effective January 1, 2007, I started working full-time in the Office of Facilities Regulation as Chief of Licensure Regulation. It is a new and interesting opportunity for me, although I will miss the challenges of the radiation control world.

Acting as chief of Occupational and Radiological Health is my former supervisor:
Walter S. Combs, Jr., PhD
Executive Director, Division of Environmental Health
RI Department of Health
3 Capitol Hill, Room 209
Providence, RI 02908

Phone: 401-222-3118
FAX: (401) 222-6953
Email: Walter.Combs@health.ri.gov

It has been a pleasure working with you and your staff, who have been very professional and supportive to Rhode Island's Agreement State Program.

Very truly yours,

Marie Stoeckel, MPH, Chief
Licensure Regulation
Office of Facilities Regulation
