Reference: Amendment to License No. 47-32191-01  
Docket No. 030-35062

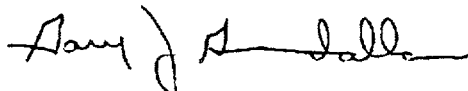

03035062

Control Number: 139976

Dear Ms. Modes;

This letter is in regard to our recent telephone conversation to address a specific amount of cumulative possessed radioactive material to complete the necessary license amendment. In order to be in compliance with EA-05-090, we request at this time that the total cumulative radioactive material possessed by this license not exceed 21.8 curies. If you have any questions please contact me personally at the telephone number listed below. Thank You.

Respectfully,

Gary J. Gwisdalla RSO/Owner  
General Testing & Inspection / 3-E's Corp.
