Paula,

I am available to meet with the SRBC staff on January 11, 2007 at NRC from 3:00 to 5:00pm.

Let me know if this date and time is feasible. We are short on conference room space and if an earlier meeting time is preferable another date will need to be researched.

Look forward to hearing from you.

Alicia,

Mike Brownell asked me to follow up with you about scheduling a meeting with NRC. We would propose a private meeting with NRC staff members in Rockville to discuss our respective permitting processes (NRC's environmental side) and how we can coordinate the review processes.

We propose to bring 4 or 5 SRBC staff.

It looks like January 8, 9 or 11 are still open for us, or we could look at dates later in the month. I will be out of the office starting tomorrow; other SRBC copied on this email could also assist in scheduling a meeting date.

We look forward to hearing from you.

Mr. Brownell,

We met during the recent Susquehanna Steam Electric Station Scoping meeting held Nov 15, 2006 in Berwick, PA. I understand that you have an interest in meeting with NRC in January 2007. I would like to understand what type of meeting (public or private), materials you may need, number of people attending and anything else to help facilitate the meeting. You are welcomed to come to the NRC Rockville office, however if it's more convenient for us to come to Harrisburg that can be arranged.

I look forward to hearing from you in the near future. You may contact me at 301-415-1224 or email axm7@nrc.gov

Sincerely,

Alicia Mullins
