Mr. Thompson,

A short note to assure you that I have not forgotten our need to provide verification for Dean/Director Wells' authority to obligate VIMS/William and Mary with regard to the 250 K Financial Assurance. As the questions posed by the NRC have in many regards cast into question D/D Wells' authority there are some very broad issues and legal interpretations underway, much farther up the scale than my position. However, as recently as January 12, 2007, I have again strongly reminded the responsible parties of the need to resolve this issue.

Thank You for Your Patience

Tom
