Re: Comsup Commodities, Inc. Export License XSOU8807 Application for Amendment

Dear Ms. Doane:

In accordance with my recent conversation with Janice Owens, I am submitting on behalf of Comsup Commodities, Inc. (Comsup) the attached application for amendment of export license XSOU8807, in accordance with 10 CFR §§ 110.31, 110.32 and 110.51.

Pursuant to Export License XSOU8807, Comsup is authorized to export to a designated end user, approximately 800 metric tons of tungsten ores and concentrates that it purchased from the U.S. Defense Logistics Agency (DLA). Comsup has now contracted to sell a portion of these materials to a different ultimate end user as identified on the attached NRC Form 7. The new end user intends to process the material to extract tungsten for non-nuclear end uses under 10 CFR § 110.42, and no foreign obligations are attached to the material. The proposed amendment would add this additional end user and extend the license for an additional year.

I respectfully request your review of the attached application on an expedited basis due to Comsup's contractual obligations. Comsup is obligated to begin delivery of the material to the ultimate end user as soon as possible. Accordingly, I respectfully request that the Office of International Programs begin processing this application upon receipt today of a hand-delivered copy of this letter, the enclosed application, and the enclosed check for \$1,700 as required by 10 CFR § 170.31. The originals will follow by Federal Express.

If you have any questions or need additional information, please do not hesitate to contact me. I appreciate your assistance and look forward to hearing from you soon.

Sincerely,

Alvin H. Gutterman
