---

Naeem,

This just came in from Pilgrim regarding the location of the start up transformer.

Perry

 Perry - as requested, the attached drawing shows the fire protection water suppression piping going to the switchyard in which the Startup Transformer is located. The drawing is contained in section 1 of BECo letter dated 3/9/77 (response to BTP 9.5-1 Appendix A). I will call you to discuss this with you. Doug.
