Re: Licensee Name: Conectiv - Energy Generation
License No.: 29-30855-01
Docket No.: 030-36452
Control No.: 139904

Dear Kathy:

In response to questions received from you on January 31, 2007, the Licensee - Transferor, Atlantic City Electric Company ("Atlantic Electric")¹ and the Transferee, RC Cape May Holdings, LLC ("Cape May"), respond as follows:

a. **Provide a complete description of the transaction (transfer of stocks or assets, or merger).**

Atlantic Electric and Cape May entered into a Purchase and Sale Agreement dated as of August 15, 2006, pursuant to which Atlantic Electric agreed to sell the B.L. England electrical generating station, located in Beesley's Point, New Jersey, to Cape May. The transaction is a sale of assets. The current intended closing date is February 8, 2007. Upon closing, Cape May will become the owner and operator of the B.L. England electrical generating station.

b. **Indicate whether the name has changed and include the new name. Include the name and telephone number of a licensee contact who NRC may contact if more information is needed.**

As described in part a. above, the facility owner will change but the name, function and operation of the NRC-licensed operation and facility (the B.L. England generating plant) will

¹ Atlantic City Electric Company and Conectiv are wholly owned subsidiaries of Pepco Holdings, Inc.

139904

NRC/REG1 MATERIALS-002

MSW - Draft January 31, 2007 - 5:56 PM

not change. The name and address of the plant is and will be: B.L. England Generating Station, 900 North Shore Road, Beesleys Point, New Jersey 08223. Mr. Robert Keyser is currently the Plant Manager for Atlantic Electric and will remain Plant Manger for Cape May upon the closing of the transaction. His address is the same as the plant and his telephone number is and will be: 609-390-5202.

c. Describe any changes in personnel or duties that relate to the licensed program. Include training and experience for any new personnel.

The facility Radioactive Safety Officer position will change from the current holder of that title, Stephen J. Brown, to Thomas H. Smith. Mr. Smith has completed the necessary Radiation Safety Officer training to assume this position at the facility. Attached to this letter please find two certificates of training issued to Mr. Smith during January 2007 (4 hour course entitled *Fundamentals of Radiation Safety*, and 40 hour course entitled *Radiation Safety Officer*.

d. Describe any changes in the organization, location, facilities, equipment or procedures that relate to the licensed program.

There are no changes planned or anticipated in the organization, location, facilities, equipment or procedures that relate to the licensed program.

e. Describe the status of the surveillance program (surveys, wipe tests, quality control) at the present time and the expected status at the time that control is to be transferred.

Atlantic Electric is current with respect to all regulatory requirements of the license including all surveys, wipe tests and quality control as applicable under the license. Copies of the current and historical surveys, wipe tests and quality control methods are available and will be transferred to the Transferee upon closing of the transaction.

f. Confirm that all records concerning the safe and effective decommissioning of the facility will be transferred to the transferee or to NRC, as appropriate. These records include documentation of surveys of ambient radiation levels and fixed and/or removable contamination, including methods and sensitivity.

As described in response a. and b. above, this transaction does not contemplate any type of decommissioning activity, and all operations at the NRC-licensed facility are expected to remain the same. All records concerning the safe and effective decommissioning of the facility will be transferred to the Transferee at the closing of the transaction. These records include documentation of surveys of ambient radiation levels and fixed and/or removable contamination, including methods and sensitivity.

g. **Confirm that the transferee will abide by all constraints, conditions, requirements and commitments of the transferor or that the transferee will submit a complete description of the proposed licensed program.**

The Transferee confirms that it will abide by all constraints, conditions, requirements and commitments of the Transferor as required pursuant to License No. 29-30855-01.

Thank you for your assistance with this matter. If you have any questions regarding these responses to your questions, please contact Kristin Larson (202) 371-7383 or Cheryl Hess (302) 451- 5081 for Atlantic Electric (Licensee – Transferor) or David Tang (832) 585-0036 ext 314 for Cape May (Transferee).

Respectfully submitted,

For the Licensee -Transferor, Atlantic City Electric Company
