Bethesda, MD 20817-1818

SUBJECT: AMERICAN CENTRIFUGE LEAD CASCADE FACILITY, REVIEW OF
INTERNALLY AUTHORIZED FACILITY CHANGES FOR CALENDAR YEAR 2006
(TAC L32370)

Dear Mr. Miner:

I am responding to your letters dated January 30, 2007 (AET 07-0008 & AET 07-0009), in which you transmitted information regarding the internally authorized facility changes for calendar year 2006 for the American Centrifuge Lead Cascade Facility. As you noted in your letters, this summary is required by 10 CFR 70.72.

We have completed our review of the information you provided and find the information to be acceptable for detailed staff review. During this review, we will notify you if any additional information, or clarification of existing information, is needed. Our review of this summary of calendar year 2006 facility changes has been assigned TAC No. L32370. Please reference this TAC number in all correspondence related to this action.

Based on our preliminary review and projection of current review schedules, we anticipate completing our review by late May 2007. This date could change depending on the findings of our technical review, urgent assignments, or other factors. We will promptly communicate any significant changes to this schedule. I can be reached at (301) 415-3194 or by e-mail at jrd2@nrc.gov.

Sincerely,

/RA/

James R. Downs, P.E.
