Dear Jay,

Please pass along the attached feedback on ORISE sample packaging. We haven't lost a groundwater sample yet, but the recent sample conditions came close.

Regards,

Jim

Samples from Entergy came into to our company receiving area this morning. Please look at the pictures of the shipping container in which the samples were sent.

All;

Attached are the pictures of the damaged carton containing the Limited Quantity Liquid Samples from Entergy. Anthony came over and performed some smears and then we stuck the damaged carton into another carton to hold in the warehouse until Monday as requested by Chuck.
