SUBJECT: TERMINATION OF YOUR NRC RADIOACTIVE MATERIALS LICENSE,  
LICENSE NO. 21-32338-01

Dear Mr. Smit:

By NRC Form 314 dated December 11, 2006 (with attachments) and additional information, and confirmation of information, obtained by telephone conversations on February 1, 2007, you requested that we terminate your NRC radioactive material license, License No. 21-32338-01, (having expiration date of August 31, 2011). This license authorized portable gauge use/storage at your facility located at 3390 Chicago Drive, Hudsonville, Michigan, and usage at temporary job sites of the licensee anywhere in the United States where the U.S. Nuclear Regulatory Commission maintains jurisdiction for regulating the use of licensed material. In the referenced document, you provided information confirming the transfer (on September 18, 2006) of all licensed material (one portable gauge) to another licensee authorized to possess the material (Aqua-Tech Consultants, Inc., License No. 21-32162-01) along with a copy of a leak test records, current as of the time of transfer, confirming the non-leaking status of the sealed sources transferred. You also confirmed that no licensed material remains in your possession and that no leaking sealed sources were ever in possession of Sancor Testing, LLC. Based on information you have provided to us, we have concluded that licensed material is no longer used or possessed under NRC License No. 21-32338-01 and that your facility meets NRC criteria for release for unrestricted use, permitting us to terminate the license as requested. Accordingly, an amendment is enclosed, terminating your NRC License No. 21-32338-01.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

Sincerely,

A handwritten signature in cursive script that reads "Loren J. Hueter".
