Dear Ms. Ulrich,

As required by License Condition 20.b of our License #37-00030-08 we provide this progress report concerning the implementation of our Plan for Orderly Shutdown.

We are currently in full compliance with all conditions of the Settlement Agreement.

We are still working to dispose of the high activity tritium waste. The only disposal facility that we have been able to identify as a possible recipient of this waste is the Barnwell Disposal Site. In conjunction with Solutient Technologies, we have been working diligently since our last correspondence in August of 2006 to have this waste accepted by Barnwell. In addition to numerous telephone conversations, we have provided Barnwell with all requested back-up data about the waste. Although we are optimistic that this waste will be accepted by Barnwell, we have not yet received notification of their acceptance. After notification from Barnwell, we will either ship the waste or inform you and the Commonwealth of Pennsylvania that the waste has not been accepted.

Please contact me if you have any questions.

Regards,

  
William E. Lynch Jr.  
Vice President

CC: Mr. David Allard, PADEP
