SUPPLEMENTARY INFORMATION:

I. Introduction

The Nuclear Regulatory Commission (NRC) is hosting a seminar, **The Fuel Cycle Information Exchange 2007 (FCIX 2007)**, on June 12 and 13, 2007. This will be the second annual hosting of this seminar to provide an opportunity for licensees, NRC staff, and other stakeholders to exchange information and discuss issues of interest pertaining to the regulation of NRC-regulated fuel cycle facilities.

The seminar will be held in Rockville, Maryland, at the Universities of Maryland at the

Shady Grove Campus Auditorium and will be open to the public. We are expecting that NRC staff, licensees and certificate holders, and other interested parties and stakeholders will be making presentations on varying subjects of interest, with opportunity for followup discussion on each subject.

II. Requests for speakers and topics of discussion

Speakers from the Nuclear Energy Institute and the NRC have volunteered to address various topics; however, at this early date, the NRC is seeking additional speakers to discuss topics of a broad nature, relative to the nuclear fuel cycle. If you would like an opportunity to discuss an issue, or to offer an additional topic of discussion, please contact the staff member listed below.

The nature of the topics will not be limited; however; we do ask that you not use this as a commercial venue to promote your company's products or services. Additionally, we ask that you provide the staff contact with a Microsoft Powerpoint version of your presentation at least 45 days prior to the seminar.
