Mr. Craig-

Thank you for attending the public meeting last week regarding the Pilgrim draft environmental impact statement for license renewal.

Attached is a brief prepared by our Office of General Counsel on the NRC position regarding consideration of spent fuel pool fires in our environmental impact statements. Rani Franovich and Susan Uttal requested I send you this information as a follow up to your discussions after the evening meeting. If you have any additional questions please dont hesitate to contact me at the information below.

Thanks

Alicia Williamson
