Crystal Harris Regional Environmental Health and Safety Coordinator	Cargill, Inc. 1503 Wabash Ave. Lafayette, IN 47905	937-497-4264 FAX -492-3053

SUBJECT

Control No. 315839 -- Re change of Radiation Safety Officer (RSO) for License No. 13-24550-01.

SUMMARY

In our telephone conversations on this date, I related to Ms. Harris the need to provide additional information before we can name Mr. Chuck Parke as the replacement RSO for Gene Sinclair. Documentation is needed regarding Mr. Parke's qualification by training/experience to serve as the RSO (including a copy of any certificate(s) of completion of training). This training should be commensurate with the guidance in NUREG-1556, Vol. 4, Section 8.7.1. Also, I noted our policy to contact the RSO designate to assure that they are aware of their designation as the RSO and of the duties and responsibilities the position entails. I requested the telephone number for Mr. Parke for this contact, and for documentation in our records, for any future contact we may need with the RSO. Ms. Harris related that Mr. Parke's telephone number was 937-497-4209 and that he is out of the office until Monday December 4, 2006. Further, she suggested that I have Mr. Parke provide me the information needed regarding his training/experience to demonstrate his qualification for the RSO position.

ACTION REQUIRED

License reviewer to contact Mr. Parke to request of him, documentation of his training/experience to support his qualification to serve as RSO and to confirm his awareness of his designation as the replacement RSO and of the duties and responsibilities the position entails.
