Our pharmacy is licensed by the NRC, no. 24-26241-01MD, and as such we are subject to the Annual Materials Fee. After reviewing the NRC's PROPOSED FY 2007 FEE RULE we would like to comment on the definition of a small entity as shown on page 83 of the aforementioned document.

We are aware that the "\$5 million in receipts or less over its last 3 fiscal years," has not changed at least since 1999. In that span of time such new drugs such as Bexxar are now on the market with a price tag of over \$25,000.00 per dose. It is agents like this which can increase the sales dollar amount significantly without a commensurate increase in bottom line.

We have also been informed that the \$5 million figure is tied to SBA numbers. After review of the North American Industry Classification System Code (NAICS) which the SBA uses for classification, it was discovered that the threshold is \$6.5 million. We are thus asking that the \$5 million threshold be raised for 2007.

I am available for further discussion if you would like to call me at 573-657-1776.

Thank you for your considerations.
