Dear Mr. Comfort,

This letter is to confirm our telephone conversation of a few weeks ago.

The Newfield Residents Environmental Group has set a meeting for Wednesday, January 31, 1996 at 6:30PM at St. Rose of Lima Church at Catawba Avenue and Rosemont Avenue. (The entrance to the basement hall is on the Rosemont Avenue side towards the rear).

You will be the guest speaker at this meeting. I know folks will want an update on the various environmental studies being done at the Shieldalloy Corporation, the status of the hauling away of the slag piles, the status of their license renewal, an assessment of long term continuing operations at the plant using radioactive materials, the residue of the bag house and other places where contamination is found.

Thanks again for your consideration.

Please contact me if you have any questions. I will contact you again closer to the January date.

Best greetings for a happy holiday.

Sincerely,

Terry Fox Ragone
