Re: Termination of NRC Material License No. 21-16136-02

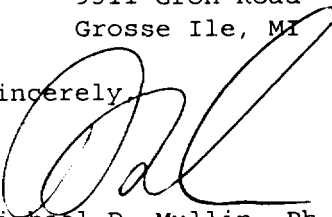

Sirs:

I am requesting termination of the above NRC license, effective 02 February 2007. I am retiring from Federal Service on that date and this facility will terminate all activities involving materials authorized under this license. Specifically, two (2) HP Model G1223A ECD cells have been sent to HP for disposal and we have no other licensed materials remaining in the facility.

Please, send any future correspondence concerning this license to our Health and Safety Officer:
