Subject: Issuance of Vermont Yankee Draft Environmental Impact Statement

Sheila Hollis, Bill Pearson, Robert English, Richie Davis, Tina Emery-Howe, Mike Hebert, Thomas Matsuda, and Dory Zee,

Each of you filled out a blue or yellow registration card at the public environmental scoping meeting regarding Vermont Yankee on June 7, 2006, in Brattleboro, VT, or sent us scoping comments via email; however, you only gave us your email address, not your regular mail address. NUREG-1437, Supplement 30, "Generic Environmental Impact Statement for License Renewal of Nuclear Plants, Supplement 30, Regarding Vermont Yankee Nuclear Power Station, Draft Report for Comment," has been issued. You can find the document on the NRC's public website at <http://www.nrc.gov/reading-rm/adams/web-based.html> (Accession number ML063390344) or click the reactor license renewal button on the right side of the NRC home page under key topics (in area with yellow background), click status of current applications, click applications currently under review, click Vermont Yankee, click environmental impact statements, and click Supplement 30. Additionally, I will send you a bound copy of the document and add you to our mailing list if you send me your regular mail address.
