 Program

Subject: Proposed Revision 30 to Maine Yankee Quality Assurance Program

Gentlemen:

The Maine Yankee Quality Assurance Program Revision submitted in Reference (d) was intended to apply to the dockets listed in References (a) and (b). Due to an oversight the specific reference to Docket No. 71-0465 was omitted from the submittal.

It is Maine Yankee's intention to have the Quality Assurance Plan apply to all of the Docket Numbers listed in References (a) and (b).

Additionally, specific references to the former MYQAP in other documents will be replaced by reference to the Quality Assurance Program for the Maine Yankee ISFSI.. These name changes will be accomplished during the normal review and revision process.
