

OCT 13 1988

Docket No. 040-07102

License No. SMB-743

Borough of Newfield  
ATTN: Mr. Walter Elwell  
Council President  
N. W. Blvd. & Salem Avenue  
P. O. Box 605  
Newfield, New Jersey 08344

Gentlemen:

In response to your letter of September 8, 1988, I am enclosing a copy of the "Radiological Survey of the Shieldalloy Corporation, Newfield, New Jersey." I am also enclosing copies of Amendments 6 and 7 to the Shieldalloy Corporation license, and the documents incorporated by reference in the license, which constitute the NRC license currently in effect. Our regulations [10 CFR 40.43(b)] provide that, if a licensee files an application for renewal of a license in a timely manner, the license will not expire until the application is acted upon. Since Shieldalloy made such timely application, the enclosed license remains in effect in spite of the fact that the expiration date has passed.

The new license is not presently available, and will be sent to you when issued.

If I can be of further service to you, please call me at (215)337-5252.

Sincerely,

Original Signed By:  
Francis M. Costello
