Commanding Officer  
United States Army Electronics Command  
United States Army Electronics Laboratory  
Fort Monmouth, New Jersey 07703

Dear Sir:

This refers to your application dated June 19, 1964, for Cesium 137 sealed sources contained in Model MRC-794 Radiac Calibrators manufactured by Ron Corporation, Brooklyn, New York.

We do not have any information with respect to the Model MRC-794 Radiac Calibrator nor does the application specify the make and model number of the sources which will be in the calibrators. In order to consider amendment of the license to provide for possession and use of the sources and calibrators we need to have the information in Sections I and II of the enclosed announcement, "Information on Licensing the Manufacture of Sealed Sources and/or Devices Containing Byproduct Material." The information with respect to the sealed sources need not be submitted if you provide the make and model number of the sources.

Upon receipt of the above information, in duplicate, we shall continue review of the application.

Sincerely yours,

Nathan Bassin  
Isotopes Branch  
Division of Materials Licensing

Enclosure:  
As stated above

cc: PEMA
