Renewal letter dated 2/2/2007

Conversation with Cody Hall (CH) RSO on 2/14/2007

The reviewer call CH to discuss his renewal letter. The problem is that it's a one liner asking for renewal and that nothing has changed. The problem is the current application in the tie down is dated 1995 and is 12 years old. I left a VM for CH to call back. Ask CH to resubmit using the Checklist in NUREG 1556, Vol. 4. Also remind him that we need to know the number of sources they have.

Cody called back on 2/16/07 and we discussed his renewal application. Cody agreed to resubmit using the checklist found in NUREG 1556, Vol. 4.
