This letter is to request that license # 29-30765-01 for "Nuclear Radiations Diagnostics" be terminated. The company had maintained two licenses for practicing nuclear medicine, one for the work we did in-house, which we will be keeping, and the other (29-30765-01) was for our mobile unit. What we used to do was take the equipment to other facilities in a van to perform the Nuclear Stress Tests. We no longer use the mobile unit, and are only doing tests in-house. We had three locations listed on the license, Howell, NJ, Eatontown, NJ, and Hazlet, NJ. The Howell location was where we kept the van, but we did not do Nuclear Testing in the Howell office. We will continue practicing in the Hazlet and Eatontown locations, but not in Howell.

If it is any help to you at all, the license we will be keeping is for "The Heart Center". That license # is 29-30763 -01. We will continue to practice in-house in the Hazlet and Eatontown locations and have not used the mobile unit since December 2006.

Please contact me if you have any questions at regarding this issue.

Thank you,
