Dear Mr. Stephenson:

Enclosed is a copy of the U.S. Nuclear Regulatory Commission's (NRC) Drug-Free Workplace Plan (the Plan) for your review and approval. The Plan incorporates feedback received as a result of reviews of interim drafts by Department of Health and Human Services representatives, and other minor technical and editorial changes. Note that NRC's random drug testing rate will not be lower than 25 percent. We have recommended a higher testing rate to the Commission. Upon Commission approval, NRC's National Treasury Employees Union will be notified, and Appendix A of the Plan will be revised accordingly.

We appreciate the Department of Health and Human Services' assistance in the development of this important document. Should you have any questions about the enclosed Plan, please contact Christine Secor on (301) 415-6546.

Sincerely,

/RA/
