DEC. 20 1991

Dear Mr. Smith:

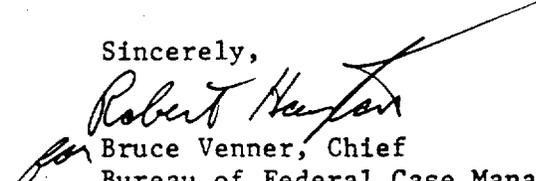

Re: Shipping Ferrovandium Slag Off-Site

Pursuant to our conversation yesterday afternoon, (December 19, 1991) be advised that SMC shall not move any of the Ferrovandium Slag off-site at this time. The Department is currently seeking to resolve certain regulatory issues regarding the material, including jurisdictional issues with the United States Nuclear Regulatory Commission.

Since you stated in our conversation that the material was being sent to a company in Indiana, the Department has also been in contact with the Indiana Department of Environmental Management, Solid Waste Branch. Mr. Bruce Palin, Branch Chief, stated that as far as he knew the State of Indiana has not been notified that this material was coming into that state. He requested that the NJDEPE notify his office at least 24 hours before the material is shipped.

SMC will be notified as soon as these issues are resolved.

Sincerely,

Bruce Venner, Chief
Bureau of Federal Case Management

DG:mb
