Subject: Insufficient hours on attestation letter

(NOTE: This will be used as the Documents Title in ADAMS)

Summary: Dr. Quion wrote an attestation letter for Dr. Kevin Rogan. There were not sufficient hours to satisfy part 35.290(c)(1)(ii). I explained there should be a total of 700 hours with a minimum of 80 hours of classroom and laboratory training. The 80 hours of classroom training have been completed. Dr. Quion said that Dr. Rogan has worked under his supervision for a long time (08/04 - 01/07) and that Dr. Rogan has completed the required hours. He said he would adjust the date section with a range instead of a single day. He was under the impression that it had to be done by a class or training, such as the training offered to Dr. Rogan by CorScan plus.
