Colonel W. M. Coppage, Director
Alabama Department of Public Safety
P.O. Box 1511
301 South Ripley Street
Montgomery, AL 36102-1511

Dear Colonel Coppage:

You are listed as the State official designated by your Governor to receive advance notification of transportation of certain shipments of nuclear waste and spent fuel through your State, as required by Section 301 of Public Law 96-295 and implemented by provisions in 10 CFR Parts 71 and 73 of the U.S. Nuclear Regulatory Commission's (NRC) regulations. You are also the designated State official to receive advance notifications of other shipments of certain radioactive materials from NRC and Agreement State licensees as part of the enhanced security measures issued by the NRC following the terrorist events of September 11, 2001. I have enclosed a copy of the applicable portions of the regulations for your information. Also enclosed is a copy of NRC Regulatory Information Summary 2003-08, "Protection of Unclassified Safeguards Information from Unauthorized Disclosure," which is intended to assist persons who possess Safeguards Information in establishing an information protection system that satisfies the specific requirements of Section 73.21 of Part 73.

I have also enclosed a copy of the present list of Governors' designees, containing your address and telephone number. If any information on this list is inaccurate, please send your corrections to the Office of Federal and State Materials and Environmental Management Programs (FSME). If we do not receive a response **by May 31, 2007**, we will assume the information shown on the list is correct. The list of Governors' designees is required to be published in the *Federal Register* on or about June 30, 2007.

In the aftermath of the events of September 11, 2001, we have recognized the importance of being able to communicate information to States quickly. FSME uses an E-mail distribution system to provide information to the Governor-appointed State Liaison Officers and State Radiation Control Program Directors. We would like to create a similar dedicated list server for Governors' designees in order to provide you with non-safeguards information electronically. We request that you provide us with an E-mail address so that we may provide this information to you in a more expedited fashion. We will not publish your E-mail address in the *Federal Register*, but will have it available to provide you information in a more timely fashion than the regular mail service.

During the year, please inform us of any changes which may arise in appointment, address, telephone number, or E-mail. Please note that changes in appointment should be made by the Governor of your State.

Honolulu, HI 96813

Dear Mr. Lau:

You are listed as the State official designated by your Governor to receive advance notification of transportation of certain shipments of nuclear waste and spent fuel through your State, as required by Section 301 of Public Law 96-295 and implemented by provisions in 10 CFR Parts 71 and 73 of the U.S. Nuclear Regulatory Commission's (NRC) regulations. You are also the designated State official to receive advance notifications of other shipments of certain radioactive materials from NRC and Agreement State licensees as part of the enhanced security measures issued by the NRC following the terrorist events of September 11, 2001. I have enclosed a copy of the applicable portions of the regulations for your information. Also enclosed is a copy of NRC Regulatory Information Summary 2003-08, "Protection of Unclassified Safeguards Information from Unauthorized Disclosure," which is intended to assist persons who possess Safeguards Information in establishing an information protection system that satisfies the specific requirements of Section 73.21 of Part 73.

I have also enclosed a copy of the present list of Governors' designees, containing your address and telephone number. If any information on this list is inaccurate, please send your corrections to the Office of Federal and State Materials and Environmental Management Programs (FSME). If we do not receive a response **by May 31, 2007**, we will assume the information shown on the list is correct. The list of Governors' designees is required to be published in the *Federal Register* on or about June 30, 2007.

In the aftermath of the events of September 11, 2001, we have recognized the importance of being able to communicate information to States quickly. FSME uses an E-mail distribution system to provide information to the Governor-appointed State Liaison Officers and State Radiation Control Program Directors. We would like to create a similar dedicated list server for Governors' designees in order to provide you with non-safeguards information electronically. We request that you provide us with an E-mail address so that we may provide this information to you in a more expedited fashion. We will not publish your E-mail address in the *Federal Register*, but will have it available to provide you information in a more timely fashion than the regular mail service.

During the year, please inform us of any changes which may arise in appointment, address, telephone number, or E-mail. Please note that changes in appointment should be made by the Governor of your State.

Dear Mr. Reynolds:

You are listed as the State official designated by your Governor to receive advance notification of transportation of certain shipments of nuclear waste and spent fuel through your State, as required by Section 301 of Public Law 96-295 and implemented by provisions in 10 CFR Parts 71 and 73 of the U.S. Nuclear Regulatory Commission's (NRC) regulations. You are also the designated State official to receive advance notifications of other shipments of certain radioactive materials from NRC and Agreement State licensees as part of the enhanced security measures issued by the NRC following the terrorist events of September 11, 2001. I have enclosed a copy of the applicable portions of the regulations for your information. Also enclosed is a copy of NRC Regulatory Information Summary 2003-08, "Protection of Unclassified Safeguards Information from Unauthorized Disclosure," which is intended to assist persons who possess Safeguards Information in establishing an information protection system that satisfies the specific requirements of Section 73.21 of Part 73.

I have also enclosed a copy of the present list of Governors' designees, containing your address and telephone number. If any information on this list is inaccurate, please send your corrections to the Office of Federal and State Materials and Environmental Management Programs (FSME). If we do not receive a response **by May 31, 2007**, we will assume the information shown on the list is correct. The list of Governors' designees is required to be published in the *Federal Register* on or about June 30, 2007.

In the aftermath of the events of September 11, 2001, we have recognized the importance of being able to communicate information to States quickly. FSME uses an E-mail distribution system to provide information to the Governor-appointed State Liaison Officers and State Radiation Control Program Directors. We would like to create a similar dedicated list server for Governors' designees in order to provide you with non-safeguards information electronically. We request that you provide us with an E-mail address so that we may provide this information to you in a more expedited fashion. We will not publish your E-mail address in the *Federal Register*, but will have it available to provide you information in a more timely fashion than the regular mail service.

During the year, please inform us of any changes which may arise in appointment, address, telephone number, or E-mail. Please note that changes in appointment should be made by the Governor of your State.

Dear Commissioner Ward:

You are listed as the State official designated by your Governor to receive advance notification of transportation of certain shipments of nuclear waste and spent fuel through your State, as required by Section 301 of Public Law 96-295 and implemented by provisions in 10 CFR Parts 71 and 73 of the U.S. Nuclear Regulatory Commission's (NRC) regulations. You are also the designated State official to receive advance notifications of other shipments of certain radioactive materials from NRC and Agreement State licensees as part of the enhanced security measures issued by the NRC following the terrorist events of September 11, 2001. I have enclosed a copy of the applicable portions of the regulations for your information. Also enclosed is a copy of NRC Regulatory Information Summary 2003-08, "Protection of Unclassified Safeguards Information from Unauthorized Disclosure," which is intended to assist persons who possess Safeguards Information in establishing an information protection system that satisfies the specific requirements of Section 73.21 of Part 73.

I have also enclosed a copy of the present list of Governors' designees, containing your address and telephone number. If any information on this list is inaccurate, please send your corrections to the Office of Federal and State Materials and Environmental Management Programs (FSME). If we do not receive a response **by May 31, 2007**, we will assume the information shown on the list is correct. The list of Governors' designees is required to be published in the *Federal Register* on or about June 30, 2007.

In the aftermath of the events of September 11, 2001, we have recognized the importance of being able to communicate information to States quickly. FSME uses an E-mail distribution system to provide information to the Governor-appointed State Liaison Officers and State Radiation Control Program Directors. We would like to create a similar dedicated list server for Governors' designees in order to provide you with non-safeguards information electronically. We request that you provide us with an E-mail address so that we may provide this information to you in a more expedited fashion. We will not publish your E-mail address in the *Federal Register*, but will have it available to provide you information in a more timely fashion than the regular mail service.

During the year, please inform us of any changes which may arise in appointment, address, telephone number, or E-mail. Please note that changes in appointment should be made by the Governor of your State.

Dear Commissioner Sleeper:

You are listed as the State official designated by your Governor to receive advance notification of transportation of certain shipments of nuclear waste and spent fuel through your State, as required by Section 301 of Public Law 96-295 and implemented by provisions in 10 CFR Parts 71 and 73 of the U.S. Nuclear Regulatory Commission's (NRC) regulations. You are also the designated State official to receive advance notifications of other shipments of certain radioactive materials from NRC and Agreement State licensees as part of the enhanced security measures issued by the NRC following the terrorist events of September 11, 2001. I have enclosed a copy of the applicable portions of the regulations for your information. Also enclosed is a copy of NRC Regulatory Information Summary 2003-08, "Protection of Unclassified Safeguards Information from Unauthorized Disclosure," which is intended to assist persons who possess Safeguards Information in establishing an information protection system that satisfies the specific requirements of Section 73.21 of Part 73.

I have also enclosed a copy of the present list of Governors' designees, containing your address and telephone number. If any information on this list is inaccurate, please send your corrections to the Office of Federal and State Materials and Environmental Management Programs (FSME). If we do not receive a response **by May 31, 2007**, we will assume the information shown on the list is correct. The list of Governors' designees is required to be published in the *Federal Register* on or about June 30, 2007.

In the aftermath of the events of September 11, 2001, we have recognized the importance of being able to communicate information to States quickly. FSME uses an E-mail distribution system to provide information to the Governor-appointed State Liaison Officers and State Radiation Control Program Directors. We would like to create a similar dedicated list server for Governors' designees in order to provide you with non-safeguards information electronically. We request that you provide us with an E-mail address so that we may provide this information to you in a more expedited fashion. We will not publish your E-mail address in the *Federal Register*, but will have it available to provide you information in a more timely fashion than the regular mail service.

During the year, please inform us of any changes which may arise in appointment, address, telephone number, or E-mail. Please note that changes in appointment should be made by the Governor of your State.
