License 45-25350-01**

As per our telephone conversation with Dr. Sattar Lodhi on 3/6/2007 regarding the move of our nuclear density gauge storage location, we request that our license be amended appropriately to add our new storage location address. This move, approximately one building west of the current location, will take place on or about March 19, 2007. The new address is:

**430 Southlake Boulevard  
Suite 14B & 15B  
Richmond, Virginia 23236**

We understand that when the new license is authorized, we will move the storage bunker to its new location at the above address. Once complete, and upon confirmation of no contamination in the previous storage location, a second letter requesting removal of the old address will be sent.

Thank you for your kind attention to this matter. If there are any further questions, please contact us at (804)200-6500.

Sincerely,

Mr. Gene Hatcher, P.E.  
Managing Principal
