NRC-04-02-054 MODIFICATION 28 PAGE 2 OF 3

The purpose of this modification is increase the contract ceiling as a result of an increase in the level of effort. The level of effort is increased as follows:

LEVEL OF EFFORT INCREASE (BASE CONTRACT)

Direct Labor	Estimated Hours
Glenn Mortensen (Key)	320
Jay Spore (Key)	540
Principal Engineer	160
Senior Engineer	550
Engineer	1,205
Total	2,775*

As a result, the contract is modified to reflect the following:

- increase the contract ceiling for the base contract by \$399,767* from \$4,784,909 to \$5,184,676, thereby increasing the total estimated value of the contract from \$11,000,000 to \$11,399,767 (\$5,184,676 Base Contract + \$6,215,091 Task Orders (MOL));
- extend the period of performance of the contract through September 30, 2007 to allow the contractor to provide NRC with thermal-hydraulic (T/H) computer code maintenance through August 31, 2007, and support for the TRACE User Workshop scheduled for September 2007; and
- 3) provide incremental funding in the amount of **\$50,000**, thereby increasing the amount obligated by the Government under this contract from **\$4,260,860** to **\$4,310,860**.

This modification reflects the following changes:

1. The estimated cost and fixed fee of the contract are hereby increased as follows:

	FROM:	BY:	TO:
Estimated Cost	\$4,446,334	\$370,658*	\$4,816,992
Fixed Fee	\$ 338,575	\$ 29,109*	\$ 367,684
CPFF	\$4,784,909	\$399,767*	\$5,184,676

*Reference is made to ISL's proposal dated 2/14/2007 in response to this effort.

NRC-04-02-054 MODIFICATION 28 PAGE 3 OF 3

Accordingly, the contract is modified as follows:

1. Section B.4 is replaced with the following revised section B.4 CONSIDERATION AND OBLIGATION – COST PLUS FIXED FEE (JUN 1988)

"B.4 CONSIDERATION AND OBLIGATION--COST PLUS FIXED FEE (JUN 1988) ALTERNATE I (JUN 1991)

This clause applies only to CLINs 1, 2, 4, 5, 7, 8, 10, 11, 13, and 14.

(a) The total estimated cost to the Government for full performance of this contract is **\$5,184,676**, of which the sum of **\$4,816,992** represents the estimated reimbursable costs, and of which **\$367,684** represents the fixed fee.

(b) There shall be no adjustment in the amount of the Contractor's fixed fee by reason of differences between any estimate of cost for performance of the work under this contract and the actual cost for performance of that work.

(c) The amount currently obligated by the Government with respect to this contract is **\$4,310,860.00**. As of invoice No. 62 dated 2/13/2007, there are cost recovery funds in the amount of **\$583,033.00** under this contract, which are hereby applied to the cost appropriation of this contract. Therefore, the total funding obligated by the NRC and applied to the contract through cost recovery is **\$4,893,893.00**. Of this amount, **\$583,033.00** was applied to the total estimated costs through cost recovery, **\$4,013,227** represents the obligated funds earmarked for reimbursement of costs, and **\$297,633** represents the funds earmarked for the fixed fee.

(d) It is estimated that the amount currently allotted will cover performance through **March 30, 2007**."

A summary of NRC obligations and Cost Recovery Funds under this contract, from date of the award through this modification, is given below:

Total FY 02 obligations	\$1,081,264
Total FY 03 obligations	\$ 893,205
Total FY 04 obligations	\$ 878,455
Total FY 05 obligations	\$ 760,936
