RE: Radioactive materials License # 09-3177-01
2000 Foundation Way, Suite 1100, ~~USA~~
Martinsburg, West Virginia

To Whom It May Concern:

Pursuant to a recent State of West Virginia Officer Inspection, we were informed of a discrepancy in the State of West Virginia records. The radiation therapy devices we currently possess in our referenced facility are registered under Ambergris, LLC Tax I.D. # 65-0893269 (owned by a wholly-owned subsidiary of Radiation Therapy Services, Inc. ("RTSI"), a Florida corporation, and Gateway Health Enterprises Company.

The Licensee of the referenced NRC Radioactive Materials License is Katin Radiation Therapy, PA which provides professional medical services (radiation oncology) at the radiation oncology treatment center, as recommended by an NRC Officer during the application process.

Following State of West Virginia Regulations, the referenced NRC License was registered with the State. At that point, and in order to prevent any inconvenience, an Officer of the State of West Virginia suggested us to request a change in the name of the referenced Radioactive Material License in order to reflect the name of Ambergris, LLC as the Licensee.

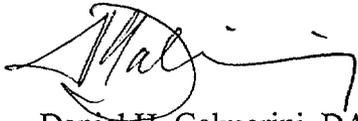

As usual, we would like to consider your opinion in the related matter in order to keep compliance with both NRC Regulations and State of West Virginia Regulation.
