Please set up a call in number for a teleconference on Thursday, November 30, 2006 at 10:00 a.m. PST (1:00 p.m. EST). I'm anticipating five or six phones calling in. This call is to talk about the conceptual groundwater model for the Plant Vogtle site. Attendees will be the NRC, SNC, PNL, and Bechtel. Let me know if the number of lines is too many. thanks
