Subject: I talked to Dr. Marx

Jessie and Mike,

I just talked to Dr. Marx. Forget the disk; it is just another copy of his remarks at the Jan 31 meeting. The problem is that we did not get his whole email message on March 2. What we received stopped after, "Dear Dr. Masnik:" Mike did not receive the body of his email message. He is sending his comments and thoughts to me by regular mail. He says there was an 65 degree F limit during the winter and that there should be a 85 degree F limit at Station 7 during the summer.
